re-mediated
differentiation

An engaging and customisable Humanities teaching and learning solution which promotes student knowledge acquisition, essential skills development and critical thinking, while buying back precious time for the Humanities classroom.

educationperfect.com

epforlearning

"EP is a fantastic digital learning platform and I am finding it empowering and engaging. I have been impressed by the quality of resources. The Smart Lessons covering 'Historical skills' are outstanding, and it has the potential to extend my gifted students, as well as remaining accessible to all other students. The fact that the platform allows me to create original Smart Lessons and assessments or customise existing lessons is a very positive feature."

Lawrence Zanella, Burdekin Catholic High School

Our content is fully customisable allowing teachers to tailor it to suit their specific Humanities programme, seamlessly differentiate and obtain rich data to promote positive student outcomes.

"Education Perfect has been a fantastic resource for our teachers to meet the learning needs of our students. It assists in differentiating learning tasks, tracking growth and identifying learners' strengths and areas for improvement."

Travis Goulter, Ormiston College
